## ADVERTISE IN THE DAILY TIMES

## Tea Talk That Tells Tales!

We have always held that Teas should be sold at the same profit as other groceries. We don't believe in selling Tea at from forty to sixty per cent profit—in fact one of the most prominent Tea houses in Boston refused to sell us because we would not sign an agreement to sell for sixty cents a Tea that cost forty cents, a profit of fifty per cent. We prefer a lot of small profits to one big one. Neither do we believe in giving premiums with Tea that have to be paid for by the customers, usually at a large profit. We believe in giving the actual value on the spot. We have a very large line of Teas that were contracted for before the advance and we give you the benefit of this purchase.
